

Workshops, Demos, and Presentations

by Kristin Miller

I've been quilting for thirty years and I still can't follow a pattern!
So why would you want me as your quilting teacher?

Are you tired of patterns, and yearning for a different way of making quilts?

Do you want to explore your own creative potential, and gain confidence in your own ability to create unique and beautiful quilts?

Lecture and Slide Presentation:
How Quilting Changed My Life and How Life Changed My Quilting
