

Project Workshops:

Seascape (1 day)

Create this small quilted landscape. Learn fabric selection and construction. Embellishment ideas will be discussed.

Blooming Runner (2 day)

This runner was designed to teach a sampling of folded and 3D flowers and 3D leaf techniques. Background and stems prepared prior to class.

Beginner Bed Quilts - a selection of 5 different bed sized quilt classes. All classes designed to teach basic beginner techniques for accurate machine piecing.

Lone Star/Log Cabin

(2 day)

Cardinals in the Pines

(2 day)

Lone Star (1 day)

Broken Dishes (2 day)

Mystery Quilt (2 day) Three designs to pick from. Ideal for weekend retreat.

Woven Illusions (1 day)

Pre-class instructions on value needed for correct fabric selection. Construction: Strata building and basic machine piecing.

Techniques Workshops:

Machine Quilting, basic (1 day)

Learn the basics of straight line and free hand circular motion machine quilting using cotton, monofilament and rayon threads.

Decorative Machine Quilting and Embellishment (2 day)

Learn how to handle decorative threads and experiment with random stitching (including stippling), embellishments, thread painting, thread embroidery.

Embellishing Landscapes (1 day)

Learn the process for creating textured bushes and trees from far away to up close and personal. Create water movement, flowers and eagles in the sky.

Explorations of Felting (1 day)

Learn the basics of wet felting, needle felting enhancements and creating dimensional shapes.

Shadow Appliqué (1 day)

Try this new no-sew method of shadow appliqué to create a soft pastel effect.

Pattern Drafting Basics (1 or 2 day)

Learn how to recognize the basic shapes used in a quilt block and determine cutting instructions. Experiment with block manipulation while creating an original design.

Design Workshops:

Feathered Star (2 day)

Learn the basic variations of the design, while drafting and planning your own original quilt. Construction: template and foundation piecing.

Mariner's Compass (2 day)

Learn the technique for dividing any Mariner's Compass into units for foundation piecing, while you draft your own compass.

Construction: foundation piecing.

Landscapes (2 days)

Create small quilted landscapes of your design. Learn design concept, pattern building, fabric selection, construction and surface enhancement techniques.

Original Quilts from Secondary Designs

(2 day) Create original quilts by manipulating the layout of traditional blocks. Taking advantage of the secondary patterns created between adjacent blocks.

Beyond Baby Blocks (2 day)

Create an original 3-dimensional design from step by step drawing exercises that will amaze.

'Generations' 3rd in Traditional Quilts,
2007 World Quilt Competition
1st place in CQA's NJS Quilt Show

Design Workshops: (continued)

Colourful Contours – quilts with a strong geometric element (2 day)
Experiment with several design processes. Pick your favourite and begin building your original quilt.

What Nots! – small experimental quilts (2 day)
Let your imagination loose in this anything goes class. Use cotton and non cotton fabrics, sheers, found objects, and embellishments.

Teaching since 1992, I best enjoy assisting my students create original designs that they believed to be beyond their abilities, by breaking down the process into clear step by step instructions.

My work has been exhibited in galleries and quilt shows in North America and Europe receiving awards at Quilt Canada, the World Quilt Competition, and The Grand National Fibre Art Show among others.
